## TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE Transcriber's Office

March 9, 1999 LB 96, 126, 211, 234, 421, 438, 510, 522 654, 692, 828

It's a defense. But...but it's a defense if also the seller was in good faith, so that if the seller accepted an identification that, on its face, by picture or otherwise, clearly couldn't identify, clearly was not consistent with the person asking for the alcohol, that would not be acceptance in good faith. And...

PRESIDENT MAURSTAD: One minute.

SENATOR BEUTLER: ...so the problem I brought up was covered by the defense language...is covered by the defense language, the absolute defense language that already exists in statute. You do not want to complicate that or confuse it or dilute it by suggesting that these guidelines should include some other criteria, some criteria that's not exactly the same. So I would suggest that...that before Select File it seems to me that...that his section should be amended to eliminate all this business about guidelines, it's just confusing, and simply be satisfied with those portions of the amendment that have to do with the State Patrol being involved, if that sort of involvement is seen as beneficial to local enforcement. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Beutler. Discussion on the committee amendments? Senator Schellpeper.
